

# Leaf Collection Schedule

**City crews will begin picking up loose leaves on the following streets:**

*Prince Street – Monday, Nov. 19*

*Seminary Street – Tuesday, Nov. 20*

*Spruce Street – Wednesday, Nov. 21*

Residents should rake leaves between the sidewalk and curbs, but NOT into the streets. This is a safeguard against clogging storm drains. Please observe caution when the leaf machine is near. This is a very powerful machine and residents are urged to have the areas free of any items (toys, trash cans, etc) Please do not have vehicles parked in the streets. Also, slow down when driving down a street being cleared. City employees will be wearing hearing protection and may not be able to hear.

For bagged leaves pickup, please call (812) 385-3343. Schedules are weather permitting. Routes could run a day ahead or behind at times.
